Pastor Fremer's Message

God created man for a purpose. That seems reductive to write, but it is something we often forget. Our purpose, as human beings, was to work the Garden of Eden and to be God's authority over it and all the beasts therein. Genesis 1:26 "Let us make man in our image, after our likeness. And let them have dominion over the fish of the sea and over the birds of the heavens and over the livestock and over all the earth and over every creeping thing that creeps on the earth." Dominion is such a forceful, authoritative word. This is more than just Earth. It is mankind's Earth. It belongs to us. We have a deep connection to the land, since we were crafted from the very dust of the Earth.

As with everything, sin broke this. Just as we rebelled against God's dominion, now the land, the Earth itself, rebels against our dominion. Adam specifically is told this in Gen 3: "... cursed is the ground because of you; in pain you shall eat of it all the days of your life; 18 thorns and thistles it shall bring forth for you; and you shall eat the plants of the field. 19 By the sweat of your face you shall eat bread, till you return to the ground, for out of it you were taken; for you are dust, and to dust you shall return." You farmers know this all too well. That crop don't come without a fight. Sometimes it seems like the whole world is against you, and all you're trying to do is bring in enough to make budget. Genesis tells us that this is absolutely true. Earth resents us. Those plants actually do hate you. Your cows do too. For you folks that do not farm, it is still true. Ever wonder why there's never enough? Ever wonder why the good times don't last? Ever wonder why you have two incomes but still have to juggle to pay your bills?

The Garden. It all comes back to the Garden. All work is cursed, which is why, even with a job we love, we still hate going to work some days. As long as we live on this Earth, it will always fight us, and we're just trying to make a living. I doubt most of you want to be millionaires or billionaires (gag). You just want to make the car payments and put some presents under the Christmas tree. We don't even farm, and the Earth still fights us anyway.

God doesn't fight us. He loves us. He hates what we've done to this Earth, He hates the conditions we have to labor under. Remember, Jesus spent most of His life as a general contractor. He knows what it's like to have to wrangle with supply and demand, He knows what it's like to have to pay employees a fair wage and still have enough money to feed His family. He knows what it is like when guys with the big bucks don't pay fair. We suffer the Earth being a jerk. God suffers us being jerks too. The Garden may be where we were cursed, but is also where we were promised blessing anyway.

One day, God promised, He would send a man to fix what we broke in the Garden. One day, Jesus will come, and there will be no more rebellion. No more bad days. No more famine, no more war, no more taxes. Eden will come again. But it won't be in this life.

Laboring with you,

Noah Fremer

ELDER'S CORNER

Summer has begun. School's out. People are traveling and going on vacations. We are also celebrating the birth of our nation. In summer we hear the term "Christmas in July" which is not celebrated in the church calendar, however, the thought of Christmas should be in our hearts and minds. For without the birth of our Savior, we would be lost and condemned. The best way to keep this strong in our hearts and minds is by reading God's word daily, worshiping, and communing. Here at trinity we make it possible by offering worship during the summer on Thursday nights. 6:30pm, and also Sunday morning at 9:30am. Furthermore, thinking of "Christmas in July" reminds me of the Gospel in a nut shell. As stated in John 3:16 "for God so loved the world that He gave His only Son, that whoever believes in him should not perish but have eternal life". Let's keep the gift of Christmas fresh in our hearts and mind this summer and all year long. Dear Lord, help us focus on the precious gift of Your birth all year long. Amen.
